- Recurrent abdominal pain in children seen at a pediatric gastroenterology clinic. Woodbury MM. November–December 485–493

Index

Chronic Fatigue Syndrome

Chronic Fatigue Syndrome, edited by Dawson DM, Sabin TD (book review). September–October 456–457

Cognition

A screening test for subtle cognitive impairment early in the course of HIV infection. McManis SE, Brown GR, Zachary R, Rundell JR. September–October 424–431

Comorbidity

Pediatric and psychiatric comorbidity—part I: the future of consultation-liaison psychiatry (editorial). Steiner H, Fritz GK, Mrazek D, Gonzales J. March–April 107–111

Compulsive Behavior

Compulsive picking and obsessive-compulsive disorder (case report). Stein DJ, Hutt CS, Spitz JL, Hollander E. March–April 177–181
Neurobiological models of obsessive-compulsive behavior (review). Rauch SL, Jenike MA. January–February 20–32

Computed Tomography

Three-dimensional CT validation of physical complaints in "psychogenic pain" patients (case report). Hendler N, Zinreich J, Kazikowski JG. January–February 90–96

Concordance

The sequencing of psychiatric recommendations: concordance during the process of a psychiatric consultation. Huyse FJ, Lyons LS, Strain JJ. July–August 307–313

Consultations

Pediatricians' perceptions of child psychiatry consultations. Burket RC, Hodgins JD. September–October 402–408

Consultation-Liaison Psychiatry

Avoiding research in consultation-liaison psychiatry. Weisman AD. November–December 469–477
On "catatonia on the consultation-liaison service." O'Connell K, Ramchandani D (letter). March–April 191

Pediatric and psychiatric comorbidity—part I: the future of consultation-liaison psychiatry (editorial). Steiner H, Fritz GK, Mrazek D, Gonzales J. March–April 107–111
Should we shift the name for "consultation-liaison" to "medical-surgical" psychiatry, "psychiatry in medicine and surgery," or some other term (perspective)? Thompson TL. May–June 259–264
Some advantages of consultation-liaison (medical-surgical) psychiatry becoming an added qualification

subspecialty (perspective). Thompson TL. July–August 343–349

Conversion Disorder

Conversion disorder presenting as primary fibromyalgia (case report). Macciocchi SN. May–June 267–270

Conversion Hysteria

Conversion hysteria and dominant hemisphere lesions (case report). Drake Jr ME. November–December 524–530

Coping Styles

Coping styles in identifiers and non-identifiers of a breast lump as a problem. Styra R, Safinofsky I, Mahoney L, Colapinto ND, Currie DJ. January–February 53–60

Correction, Book Review Column

Byline Error. November–December 536

Criminal Investigation

Interviewing: A Forensic Guide to Interrogation, Second Edition, by Yeschke CL (book review). November–December 535

Cyclosporine

Cyclosporine psychosis (letter). Tripathi A, Panzer M. January–February 101–102

D

Delirium

Delirium: Advances in Research and Clinical Practice, edited by Miller NE, Lipowski ZJ, Lebowitz BD (book review). January–February 99–100

Pimozide is effective in delirium secondary to hypercalcemia when other neuroleptics fail (case report). Mark BZ, Kunkel EJS, Fabi MB, Thompson TL. September–October 446–450

Dementia

"On organicity" and "dementias (letter)." Kennedy BL. January–February 103–104.

Serotonergic agents in the management of dementia and posttraumatic stress disorder (letter). Hargrave R. September–October 461–462

Depersonalization Syndrome

Clinical and research issues in depersonalization syndrome (letter). Hollander E, Hwang MY, Mullen LS, DeCaria C, Stein DJ, Cohen L. March–April 193–194

Depression

Electroconvulsive therapy for depression in a liver transplant patient (letter). Showalter PE, Young SA, Bielello JF, Schafer TW, Shaver TR. November–December 537

Etiology and course of pseudo-seizures: relationship to trauma, depression, and dissociation. Bowman ES. July–August 333–342

Increased depression in multiple sclerosis patients (review). Schubert DS, Foliat RH. March–April 124–130

Late-onset depression with white matter lesions (case report). Lesser IM, Hill-Gutierrez E, Miller BL, Boone KB. July–August 364–367

Major depressive disorder in patients with implantable cardioverter defibrillator: two cases treated with ECT (case report). Goldberg RJ, Badger JM. May–June 273–277

Thyrotoxicosis in a depressed patient on l-triiodothyronine (letter). Cole PA, Bostwick JM, Fajtova VT. November–December 539–540

Treatment of depression with fluoxetine in corticosteroid-dependent central nervous system Sjögren's syndrome (case report). Wyszynski AA, Wyszynski B. March–April 173–177

Desipramine

Potential mechanisms of desipramine-related sudden death in children (case report). Wagner KD, Fershtman M. January–February 80–82

Diabetes Mellitus

Psychiatric diagnosis and the surgical outcome of pancreas transplantation in patients with type I diabetes mellitus. Popkin MK, Callies AL, Colón EA, Lentz RD, Sutherland DE. May–June 251–258

Diagnosis

Overlooked physical diagnosis in chronic pain patients involved in litigation. Hendler NH, Kozikowski JG. November–December 494–501

Dialysis

Patient attitudes and psychological considerations in dialysis discontinuation. Cohen LM, Germain M, Woods A, Gilman ED, McCue JD. September–October 395–401

Dimenhydrinate

Is there a risk for dependency with therapeutic doses of dimenhydrinate (letter)? Oliver M, Stenn PG. September–October 459

Disability

Mental Disability Law: A Primer, 4th Edition, edited by Zuckerman D, Charmant M (book review). March–April 190

Psychiatric and medical factors associated with disability in patients

with dizziness. Clark MR, Sullivan MD, Katon WJ, Russo JE, Fischl M, Dobie RA, Voorhees R. September–October 409–415

Dissociation

Etiology and course of pseudoseizures: relationship to trauma, depression, and dissociation. Bowman ES. July–August 333–342

Dizziness

Psychiatric and medical factors associated with disability in patients with dizziness. Clark MR, Sullivan MD, Katon WJ, Russo JE, Fischl M, Dobie RA, Voorhees R. September–October 409–415

Doctor-Patient Relationship

The inherent, powerful therapeutic value of a good physician-patient relationship (perspective). Smith TC, Thompson TL. March–April 166–170

DSM-IV

Psychological factors affecting physical condition and DSM-IV. Stoudemire A. January–February 8–11

E

Eating Disorders

Medical Issues and the Eating Disorders: The Interface, edited by Kaplan AS, Garfinkel PE (book review). November–December 534–535

The Course of Eating Disorders: Long-Term Follow-up Studies of Anorexia and Bulimia Nervosa, edited by Herzog W, Deter W-C, Vandereycken W (book review). March–April 189–

Editorials

Pediatric and psychiatric comorbidity—part I: the future of consultation-liaison psychiatry. Steiner H, Fritz GK, Mrazek D, Gonzales J. March–April 107–111

Electroconvulsive Therapy

Electroconvulsive therapy for depression in a liver transplant patient (letter). Showalter PE, Young SA, Bilello JF, Schafer TW, Shaver TR. November–December 537

Major depressive disorder in patients with implantable cardioverter defibrillator: two cases treated with ECT (case report). Goldberg RJ, Badger JM. May–June 273–277

Endocrine Disease

Psychological factors affecting physical condition: endocrine disease literature review. Beardsley G,

Goldstein MG. January–February 12–19

Environmental Illness

Measures of distress in 26 "environmentally ill" subjects. Black DW, Rathe A, Goldstein RB. March–April 131–138

Epilepsy

Partial complex status epilepticus in a lithium-toxic patient (case report). Schindler BA, Ramchandani. November–December 521–524

F

Factitious Disorders

Hospital management of a patient with intractable factitious disorder (case report). Schwarz K, Harding R, Harrington D, Farr B. May–June 265–267

Fenfluramine

Fenfluramine and trichotillomania (letter). Mahr G. May–June 284

Fibromyalgia

Conversion disorder presenting as primary fibromyalgia (case report). Maccocchi SN. May–June 267–270

Fluoxetine

Fluoxetine for isolated sleep paralysis (case report). Koran LM, Raghavan S. March–April 184–187

Treatment of depression with fluoxetine in corticosteroid-dependent central nervous system Sjögren's syndrome (case report). Wyszynski AA, Wyszynski B. March–April 173–177

G

Gastrointestinal Conditions

Prevalence of psychiatric disorders in patients with irritable bowel syndrome. Lydiard RB, Fossey MD, Marsh W, Ballenger JC. May–June 229–234

General Hospital Psychiatry

Massachusetts General Hospital: Handbook of General Psychiatry, 3rd Edition, edited by Cassem N (book review). January–February 98–99

Geriatrics

Clinical Geriatric Psychopharmacology, Second Edition, edited by Salzmann C (book review). May–June 280–281

Geriatric Psychiatry

Abbreviating the Duke Social Support Index for use in chronically ill elderly individuals. Koenig HG, Westlund RE, George LK, Hughes DC, Blazer DG, Hybels C. January–February 61–69

H

H₂ Antagonists

H₂ antagonists, restless leg syndrome, and movement disorders (case report). O'Sullivan RL, Greenberg DB. November–December 530–532

Hallucinations

Somnambulism associated with hallucinations (case report). Kavey NB, Whyte J. January–February. 86–90

Head Trauma

Bipolar and pure mania disorders precipitated by head trauma (letter). Burstein A. March–April 194–195

Hemodialysis

Patient attitudes and psychological considerations in dialysis discontinuation. Cohen LM, Germain M, Woods A, Gilman ED, McCue JD. September–October 395–401

House Staff

Autognosis rounds for medical house staff. Stern TA, Prager LM, Cremens C. January–February 1–7

Human Immunodeficiency Virus (HIV); See Acquired Immune Deficiency Syndrome (AIDS)

Huntington's Disease

Treatment of aggression in juvenile-onset Huntington's disease with buspirone (letter). Findling RL. September–October 460–461

Hypercalcemia

Pimozide is effective in delirium secondary to hypercalcemia when other neuroleptics fail (case report). Mark BZ, Kunkel EJS, Fabi MB, Thompson TL. September–October 446–450

Hyperthyroidism

Organic anxiety disorder: iatrogenic hyperthyroidism (case report). Beyer J, Burke M, Meglin D, Fuller A, Krishnan RR, Nemeroff CB. March–April 181–184

Hypomania

Coexistent hypomania and severe hypothyroidism (case report). Levitt SS. January–February 96–97

Coexistent hypomania and severe hypothyroidism (letter). Massand P. July–August 374

Hypoplasia

Breast hypoplasia as an initiating factor in anorexia nervosa (letter). Vaz FJ, Salcedo MS. July–August 372–373

Hypothyroidism

Coexistent hypomania and severe hypothyroidism (case report). Levitt SS. January–February 96–97

Index

Coexistent hypomania and severe hypothyroidism (letter). Massand P. July–August 374

I

Iatrogenic Disorders

Organic anxiety disorder: iatrogenic hyperthyroidism (case report). Beyer J, Burke M, Meglin D, Fuller A, Krishnan RR, Nemeroff CB. March–April 181–184

Immune System

Measures of distress in 26 "environmentally ill" subjects. Black DW, Rathe A, Goldstein RB. March–April 131–138

Possible immunological effects of psychotropic medication. Surman OS. March–April 139–143

Psychopharmacologic issues in organ transplantation, part 1: pharmacokinetics in organ failure and psychiatric aspects of immunosuppressants and anti-infectious agents. Trepacz PT, DiMartini A, Tringali R. May–June 199–207

Infants; See Children **Interviewing Skills**

Interviewing: A Forensic Guide to Investigation, Second Edition, by Yerschke CL (book review). November–December 535

Irritable Bowel Syndrome

Prevalence of psychiatric disorders in patients with irritable bowel syndrome. Lydiard RB, Fossey MD, Marsh W, Ballenger JC. May–June 229–234

Ischemic Heart Disease

Secondary prevention of ischemic heart disease: the case for aggressive behavioral monitoring and intervention (review). Ketterer MW. November–December 478–484

Isoniazid

Isoniazid-induced hallucinosis: response to pyridoxine (letter). Gnam W, Flint A, Goldbloom D. November–December 537–539

L

Law

Mental Disability Law: A Primer, 4th Edition, edited by Zuckerman D, Charmant M (book review). March–April 190

Leeches

Psychiatric reactions to leeches (case report). James WA, Frierson RL, Lippmann SB. January–February 83–85

Lesions

Conversion hysteria and dominant hemisphere lesions (case report).

Drake Jr ME. November–December 524–530

Letters

Amisriptyline abuse presenting as acute toxicity. Wohlreich MM, Welch W. March–April 191–193
Aseptic meningitis associated with salicylate overdose. Nair J, Stacy M. July–August 372

Bipolar and pure mania disorders precipitated by head trauma. Burstein A. March–April 194–195

Breast hypoplasia as an initiating factor in anorexia nervosa. Vaz FJ, Salcedo MS. July–August 372–373

Catatonias responsive to intravenous lorazepam in a patient with cyclosporine neurotoxicity and hypomagnesemia. Bernstein L, Levin R. January–February 102–103

 The inherent, powerful therapeutic value of a good physician-patient relationship (perspective). Smith TC, Thompson TL. March–April 166–170
- Research**
 Avoiding research in consultation-liaison psychiatry. Weisman AD. November–December 469–477
- Restless Leg Syndrome**
 H₂ antagonists, restless leg syndrome, and movement disorders (case report). O'Sullivan RL, Greenberg DB. November–December 530–532
- Reviews**
 A literature review of psychotic symptoms associated with the premenstruum. Severino SK, Yonkers KA. July–August 299–306
- Increased depression in multiple sclerosis patients. Schubert DS, Foliat RH. March–April 124–130
- Management of lithium in patients with cancer. Greenberg DB, Younger J, Kaufman SD. September–October 388–394
- Neurobiological models of obsessive-compulsive behavior. Rauch SL, Jenike MA. January–February 20–32
- Psychopathology of pancreatic cancer: a psychobiologic probe. Green AI, Austin CP. May–June 208–221
- Secondary prevention of ischemic heart disease: the case for aggressive behavioral monitoring and intervention. Ketterer MW. November–December 478–484
- S**
- Salicylate**
 Aseptic meningitis associated with salicylate overdose (letter). Nair J, Stacy M. July–August 372
- Serotonin**
 Serotonergic agents in the management of dementia and posttraumatic stress disorder (letter). Hargrave R. September–October 461–462
- Sjögren's Syndrome**
 Treatment of depression with fluoxetine in corticosteroid-dependent central nervous system Sjögren's syndrome (case report). Wyszynski AA, Wyszynski B. March–April 173–177
- Sleep**
 Fluoxetine for isolated sleep paralysis (case report). Koran LM, Raghavan S. March–April 184–187
- Somnambulism**
 Somnambulism associated with hallucinations (case report). Kavey NB, Whyte J. January–February 86–90
- Stuffed Animals**
 Significance of stuffed animals at the bedside and what they can reveal about patients (case report). Stern TA, Glick RL. November–December 519–521
- Subspecialization**
 Should we shift the name for "consultation-liaison" to "medical-surgical" psychiatry, "psychiatry in medicine and surgery," or some other term (perspective)? Thompson TL. May–June 259–264
- Some advantages of consultation-liaison (medical-surgical) psychiatry becoming an added qualification subspecialty (perspective). Thompson TL. July–August 343–349
- Substance Use**
 The pedestrian trauma patient: perspectives from a psychiatric consultation service. Kliger DM, Sporty LD. May–June 222–228
- Suicide**
 Incidence of suicidality in AIDS and HIV-positive patients attending a psychiatry outpatient program. O'Dowd MA, Biderman DJ, McKegney P. January–February 33–40
- The pedestrian trauma patient: perspectives from a psychiatric consultation service. Kliger DM, Sporty LD. May–June 222–228
- Symptoms, Somatoform**
 Anxiety in experimentally induced somatoform symptoms. Bayer TL, Chiang E, Coverdale JH, Bangs M, Goodearle H. September–October 416–423
- T**
- Tardive Dyskinesia**
Tardive Dyskinesia: A Task Force Report of the American Psychiatric Association, edited by Kane JM, Jeste DV (book review). May–June 282–283
- Thymoleptics**
 Are thymoleptic-responsive "anger attacks" a discrete clinical syndrome (case report)? Fava M, Andersson K, Rosenbaum JF. July–August 350–355
- Thyrotoxicosis**
 Thyrotoxicosis in a depressed patient on l-triiodothyronine (letter). Cole PA, Bostwick JM, Fajtova VT. November–December 539–540
- Toxicity**
 Amitriptyline abuse presenting as acute toxicity (letter). Wohlreich MM, Welch W. March–April 191–193
- Training Programs**
 Autognosis rounds for medical housestaff. Stern TA, Prager LM, Cremens C. January–February 1–7
- Transplantation Psychiatry**
 Electroconvulsive therapy for depression in a liver transplant patient (letter). Showalter PE, Young SA, Bilello JF, Schafer TW, Shaver TR. November–December 537
- Liver transplantation using living donors: preliminary donor psychiatric outcomes. Goldman LS. May–June 235–240
- Mood, coping style, and personality functioning among adult bone marrow transplant candidates. Rodriguez JR, Boggs SR, Weiner RS, Behn JM. March–April 159–165
- Organ transplantation psychiatry. Wolcott DL. March–April 112–113
